Product short description:

The fantastic Smartliner Fisher 21 is a very stable platform for several anglers and can get up and go when you want to move fishing spot. Fitted with the Tohatsu or Suzuki 100hp, these boats really do perform well. The self draining deck is a great feature of these boats.

- Durable, stable, sea worthy boat
- Self-bailing cockpit
- Spacious cockpit with Pilothouse cabin
- Lots of storage for fishing gear
- All metal fittings are anodized
- Strong rub rail for hull protection
- Lower HP needed for planing
-
- Spacious cockpit with a closed cabin with large panoramic windows (3 passengers).
- The asymmetrical cabin provides easy and safe access to the bow where there is comfortable bench seating for two

Product description:

The Fisher 21 is the bigger sister to the 19 offering great performance, easily driven, uncompromised seakeeping qualities and meets the expectations of the most demanding of anglers. Superb visibility and versatility with it’s forward seating and walkthrough cockpit to bow.
